NOTES AND PRECIS.

(2)

(1)

Please see rule 7 of the Central State Scholarship Rules. In 1934 the selection fell on a candidate from Baluchistan. The selection in 1935, should under the system of rotation go to the second group which does not include Bangalore.

(2)

The nomination in 1936 should it seems be from the first group which includes Bangalore and this Residency has to make a recommendation. Applications may therefore be invited. Recommendations should reach the Govt. of India before the 15th January 1936. The date of submission of applications to this Residency may be fixed as 1st December. We want sufficient time to consult the Inspector before submitting the case to the Govt. of India.

(8)

A candidate from the C. & M. Station of Bangalore for the Central State Scholarship should fulfil the following conditions to be eligible for the scholarship:-

Rule 1 of the Rules at 64 of Coll. (6)

1. He should be a student who is by birth or domicile a native of the C. & M. Station provided that a student domiciled in British India will be eligible for the scholarship if he has not applied and does not propose to apply for a scholarship awarded by a local Govt. and his parent or guardian being a servant of the Govt. of India has educated him in the C. & M. Station.

Rule 3 — do —

2. He should be a qualified hand which means that the candidate should have demonstrated capacity to profit by further studies abroad- No specific qualifications have been prescribed by the Rules.

Rule 3 read with — do — foot note

3. He should not be a Govt. servant who is eligible for study leave.

Rule 3 — do —

4. The course of study which he intends to take up should not be in industrial or technical subjects.

SN 9 CP 30 (9) (T)

The eligibility of Mr. Srinath, the candidate recommended by the Inspector for the scholarship may now be examined with reference to the above principles.

Condition 1.

(5)

Condition 1.

(10)

Mr. Srinath does not say whether he is a native of the C. & M. Station by birth. Apparently he is not. His father, Mr. K.V. Srinivas, Prosecuting Inspector of the C. & M. Station Police Force was originally a Police Officer of the Mysore State. He was appointed with the permission of the Govt. of Mysore as a 3rd class Inspector of Police in the C. & M. Station of Bangalore in the first instance for a period of 2 years from May 1913. On the expiry of this period he expressed his willingness to accept a permanent appointment in the C. & M. Station; and he was accordingly confirmed as Inspector of the 3rd grade with retrospective effect from May 1913.

Mr. Srinath was born in 1908 when his father was in the service of the state and presumably both the father and the son are natives of the Mysore State. He seems to be by domicile a native of the C. & M. Station for his father has been permanently residing in the Station for over 22 years and presumably the son has been living with the father. But a person retains the domicile of origin i.e. domicile acquired at birth until a domicile of choice is acquired. The mere fact of residence however prolonged cannot in itself establish a change of domicile. There must be an intention to make a permanent residence in the new place. Please see in this connection para 15 and 18 of notes in File 701-34.

J 10.11.: (9)

Mr. Srinath is a graduate of the Mysore University which shows that he was not educated in the C. & M. Station of Bangalore although his father was employed in the Station.

(11)

Condition 2.

Mr. Srinath has demonstrated capacity to profit by further studies abroad. He stood first in the first class in the B.Sc. Examination of the Mysore University in 1930. He was recommended by the Resident for the Central State Scholarship in 1930 but he was not nominated by the

SN.124 / 51-04 J (K)

the Govt. of India. He applied for the scholarship again in 1932 but his name was not recommended to the Govt. of India ~~this time~~. He was born in Dec. 1908 and must be over 27 years now and not 25 years of age as stated by the Inspector.

(12) Condition 3.

Mr. Srinath is a Mysore State servant; and it is not known whether he is eligible for study leave under the Rules in force in Mysore State.

(13) Condition 4.

Research work in advanced Cytology and plant genetics for which Mr. Srinath has applied for the scholarship does not appear to fall under industrial or technical subjects.

(14)

SN 8 / CP 12 (T)

Taking the other applications into consideration the only applicant who seems to fulfil all the conditions of the Rules appears to be Mr. Mohamad Rahmathulla. He is born in the C. & M. Station of Bangalore, was educated in Bangalore taking the B.A. degree of the Madras University in the St. Joseph's College, Bangalore, is spoken of in glowing terms by his teachers at Lucknow where he is studying for the M.A. and L.L.B. degrees simultaneously though he got only a third class for the B.A. degree examination, is young being only 19 years of age and intends to pursue the course for M.A. Economics leading to P.H.D. in Economics which is permissible under the Scholarsip Rules. Study for L.L.B. and side study for competative I.C.S. examination do not appear to be contemplated by the Rules.

SN. 7 / CP 11 (T) (15)

Mr. Fonseca is already an enrolled Advocate and is trying for the scholarship because he is not attracted by the legal profession. This does not seem to be a proper case for the award of a State Scholarship.

(16) If age is no disqualification (no age restriction

S.N. 6 of (T) C.P. 7

is specified in the rules) and a declaration of permanent residence can establish domicile (applicant has made such a declaration) the application of Mr. P.M. Francis seems to require consideration because among the seven applicants he is the only candidate who is employed in the C. & M. Station of Bangalore and his further studies to specialize in Economics might benefit the St. Joseph's College where he is now a lecturer. He has already qualified himself for the B.A. Honours degree of the Madras University securing a second class.

17 Submitted for orders as to whether the applications of Messrs Srinath, Mohamed Rahmathulla and Francis may be sent to the Govt. of India with suitable recommendation or whether only one application need be sent and if so which.

18 The Inspector's recommendations in order of merit :—

(a) Mr. K.V.Srinath;

(b) Mr. B. Fonseca;

(c) Mr. Mohamed Rahmathulla.

19 The most important condition to be fulfilled in regard to the grant of the scholarship is that the applicant is by birth or domicile a native of (in the present case) the Civil and Military Station of Bangalore. A point that arises is whether stress is to be laid on this condition. In 1934 the Resident wrote "Birth or domicile qualifications must be definitely fulfilled". A provision however exists that a person domiciled in British India not under the administration of the Government of India is eligible for the award provided that he has been educated in the Civil & Military Station and does not propose to apply for a scholarship awarded by a

Para 19 of note in Colln. (9)

local Government. Our nominee for the scholarship must be either born or domiciled in the C.& M.Station or domiciled in British India but educated in this Station.

20 Mr. Srinath seems to have the strongest case for the scholarship and if it can be proved that he fulfills the conditions in the foregoing paragraph, we need not consider any other applicant. It is a pity that he has not told us whether he was born in Bangalore City or Cantonment; it seems reasonable to assume that he was born in the City and it is also fairly clear that he was educated outside the Station. He is now residing in the Station but the mere fact of residence can not in itself establish a change of domicile: furthermore he is now in the employ of a Foreign Government (the Mysore State).

Unless Resident wishes further enquiries to be made we shall have to pass Mr. Srinath over.

Though Mr. Fonseca was not born in the Station he has had part of his education here and while it might not be an easy matter to fix his domicile, it can very well be argued that at least for the present his docimile is the Civil and Military Station in view of the fact that his father owns property in the Station. The Inspector of Schools places this applicant 2nd in order of merit, but the applicant's forte was Law, a profession which is not now in his line.

If Mr. Fonseca's chances are to be over ruled, there remains Mr. Mohamed Rahmathulla. The Inspector of Schools is not very enthusiastic over this applicant nor does he recommend any of the others. He may see the file u/o for any comments. We may perhaps agree with him in regard to

Our notice was published on 2-11-35.

Mr. Francis whose declaration regarding domicile (dated 25th November 1935) appears to have been promoted by the prospect of obtaining the scholarship.

(The case is now really urgent, we may therefore ask

the

the Inspector to return the file with the least possible delay).

8.1.36

Secy. (Home)

The peculiar position of the Civil and Military Station of Bangalore makes it difficult to make any clear dividing line in respect of domicile and place of education between the Civil and Military Station and the rest of the Mysore State.

Mr. K.V. Srinath now holds an appointment in the Central College, Bangalore, under the Mysore Government. He has a degree of the Mysore University. He was born in Bangalore (presumably in Bangalore City) in 1908; but his father has been in British Government service under the Civil and Military Station Administration ever since 1913. It can therefore be said fairly enough that he is by virtue of his father's domicile a native of the C. and M. Station, though in all probability he is also a Mysore State subject. We put forward his name to the Government of India for the grant of the scholarship in 1930 and raised no doubt then about his domiciliary qualification. We can hardly therefore turn his application down now on this ground. But a factor which has to be seriously considered now is that he now holds an appointment in Mysore Government Service. It seems fairly clear that the intention of the scholarship is to benefit students who are under the administrative control of the Government of India and that persons who are in Mysore Government service should look to the

Government

Government of Mysore for scholarships for higher study. On this ground I am inclined to think Mr. Srinath must perhaps be counted out. In any case, if we intend to consider him, we must ascertain whether Mysore Government would have any objection and whether his appointment under the Mysore Government is one which makes him eligible for study leave from that Government.

Mr. B. Fonseca has been domiciled in the Civil and Military Station since his father's retirement from Colonial Service in Malay in 1926. He was educated partly outside India and partly in the Civil and Military Station of Bangalore, where he took degrees of the Madras University. He is now however practising as an Advocate at Karachi; and for this reason it does not seem very suitable that we should put his name forward. It seems doubtful whether scholarships are used to best advantage to enable a man to switch over from a profession in which he has already made a start.

Inspector of Schools should see again as proposed. I should be grateful for his comments and for any further suggestions that he can make to help us to come to the right decision. Will he please treat the case as very urgent.

The Inspector of Schools, Bangalore

W.G.D. No: 49, dated the 9th January 1936.

27.

at the time of Mr. Srinath's birth, his father was stationed at Shimoga, but Mr. Srinath was born (according to his own statement) in the house of a relative in the C&M Station. He has however no documentary evidence of this. Soon after his birth, he presumably rejoined his father's household, but returned to the C&M Station (when he was about 4 years old)

on his father's appointment to the Cook Islands Police
Force. He has lived in the Islands ever since.

28. The father's acceptance of a permanent post in the Cook Islands Police Force together with his change of residence should be held, I think, to indicate (on the father's part) the "intention to make a permanent residence" in the Islands i.e. we may reasonably regard the Islands as a "domicile of choice". I think we can fairly say that Mr Lunnath satisfies the 'domicile' (and probably the 'birth') qualification.

29. Regarding his present position - there was in 1924 an Government order making provision for the grant of study leave to "higher officers of Scientific & Technical Departments", but the scheme has now been abandoned on account of financial stringency. I wrote on the counterfoil of a note from the manager of the Office of the Director of Public Instruction, Fiji, that we may therefore say that Mr Lunnath has no opportunity of being granted study leave i.e. leave for study abroad involving Govt. expenditure. The Acting Director confirms this but adds that no barrier would be placed in the way of Mr Lunnath if he wished to study abroad at his own or anyone else's expense.

I think a clear case can now be made for Mr Lunnath.

30. H Lambert

31. With Resident please see from para 1 of notes.

Mr Lunnath fulfils the domicile qualification and probably also the birth one; and from the further information which Mr Edmonds has given it seems clear that the fact

that he is now holding an appointment in the Central College under the control of the Govt: of Mysore should not be allowed to stand in his way. We may recommend his application to the G.of I.

32. Recommendations should reach the G.of I. by/on 15th Jan. If Govt: accepts the proposal in para 31 we should therefore inform G.of I. by telegram on 13th Jan. that a recommendation in favour of Mr. K.V. Srinath is being forwarded.

Application for Central State Scholarship.

The Secretary to the Hon'ble the British Resident in Mysore,

Bangalore.

Dear Sir,

I beg to submit my application for the Central State Scholar--ship to be awarded early next year by the Government of India to a candidate from one of the administered areas for the purposes of study abroad. From the particulars given below of my past record and my pro--posed course of studies, the Government of India and the Hon'ble the British Resident in Mysore will be able to judge of my suitability for the award of the scholarship.

Particulars.

Personal:-

My name in full is Bernard Ernest Herman Fonseca. I was born at Singapore on the 20th. February 1910. I am an Indian Christian of the Roman Catholic persuasion. My full address is 3 Grant Road, Bangalore.

My father, Aloysius Hermenegild do Rozario Fonseca, is a retired Civil Servant, also residing at 3 Grant Road, Bangalore. He is a British subject, born and domiciled in India, (his father having been in the Indian Medical Department,) and was serving, under the Crown, as an official of the Colonial (Malayan) Civil Service at the time of my birth, so that I have been from birth, and continue to be, a British subject and of Indian domicile. Since April 1926, my family has resided

in the Civil and Military Station,Bangalore,where my father settled down on retirement and where he now owns property. I hold a passport issued to me by the Secretary to the Resident in Mysore and have submit-ted my entry for an open competitive examination,for which I appeared in 1934,through the Collector of Bangalore.

Education:-

I completed my schooling in Madras and graduated in 1928,at the age of 18,as a student of St Joseph's College,Bangalore, (affiliated to the University of Madras,) taking a First Class in Math-ematics,in which subject I stood sixth in the Madras University list, and a Second Class in English,in which I stood twelfth in the University On the results of the examination I was given a gold medal for mathema-tics by the college authorities. In 1930 I graduated in Law as a stud-ent of the Madras Law College. Throughout my College career I always took a keen interest in all forms of student activity.

Subsequent Record:-

After reading in the chambers of Mr.Vere Mockett,now a Judge of the Madras High Court,and of Mr. J.L.D'Silva of Bangalore,and undergoing a course of training in professional conduct and the law of practice and procedure,I was enrolled as an Advocate of the Madras High Court in August 1931. I started practice in Karachi in 1932 but gave it up and returned to Bangalore early in 1934. At the end of 1934 I appeared for an open competitive examination held at Delhi for the Indian Audit and Accounts Service and,although I was not select-ed,I acquitted myself creditably in subjects which I had only studied for a period of six months and obtained the qualifying marks and the 22nd place on the list. My performance in Economics,in particular,taken

into consideration with the difficulty of making a start in the legal profession for some time to come,convinces me that I could not spend the next few years better than by making a further study of that sub-ject and obtaining an all round liberal education at one of the older English universities.

Proposed Course of Studies:-

I therefore propose,in the event of my selection for the scholarship,to join any college at Oxford,my father's university, at which I may be able to obtain a seat,and to take an Honours degree in Economics,studying,if possible,under the direction of the well known economist, G.D.H.Cole. In addition,as my status at the Indian Bar entitles me to qualify for the English Bar after keeping only eight terms and passing the necessary exams,and as membership of the English Bar has its own obvious advantages, I should like to join one of the Inns of Court and become a Barrister-at Law.

Physical Fitness:-

I enclose a certificate of physical fitness given by Lt.-Col.Hance,Residency Surgeon,Bangalore.

References:-

I also enclose copies of certificates given to me by the Principals of the Madras Law College and St.Joseph's College, Bangalore,respectively,for the purposes of the competitive examination already mentioned. Particulars of my scholastic record have been filed with the Public Service Commission at Delhi and,should any reference be necessary from persons who have known me otherwise than as a student I can produce certificates from the following gentlemen to whom I am well known:

1. Vere Mockett,Esq., Puisne Judge,Madras High Court,
2. M.Ruthmaswamy,Esq., Member of the Madras Services Commissi n,
3. P.G.D'Souza,Esq., Retired Executive Councillor,Bangalore,
4. W.H.M.Bower,Esq., President,Anglo-Indian Association,Madras.

In conclusion,may I take this opportunity of assuring the aut--horities that,in the event of my selection for the scholarship, I shall not only pursue my set course of studies diligently,but I shall also endeavour in all my activities to conduct myself in a manner becoming to a gentleman and a member of the educated classes.

I have the honour to remain,

Sir,

Your obedient servant,

Bernard Francis

30th. Nov. 1935.

Dear Sir,

I have the honour to submit my application for the Central State Scholarship.

I intend doing "Research Work" in Persian at the London School of Oriental Studies, where besides studying for the Degree in Persian Honours, I shall prepare myself for the I.C.S. Examination to be held in July 1936. To join the I.C.S. has been my ambition ever since I was at School!

It was with this purpose that I began studying persian civilization & the Development of the Persian Language according to the I.C.S. Syllabus set by the Civil Service Commissioners.

Born a British Subject on the ~~yea~~ 28th January 1914, I am a persian by race. At Bishop Cotton's School I passed all the four public Examinations for which I appeared. My Second language was Latin, and it was not rarely that I did ~~well~~ Exceptionally well in my School classes. This Encouraged me to study Languages more than anything else.

So, when I joined St. Joseph's College, Bangalore, of the Madras University and ~~I~~ selected French as my second language, it was not long before I astonished my 'Professors' that I could speak French fluently, while the rest of my class-mates did no more than mere translation!

The Growth of my strong love for the study of languages reached its full height at my decision to offer ~~the~~ a languages for the I.C.S! But here I was warned by my supervisors that I would not be able to face competition in Latin or in French from those who have been brought up in England & have visited France more than I could think of doing. My next turn then was, naturally, towards Persian, which is my mother-tongue, and to take French as an auxiliary language. I may here mention that a cousin of mine, who, though has not even passed his Matriculation, is the Professor of Persian at the Mysore University.

With this object, I joined the Calcutta University and took up Persian as one of my Subjects for the B. A. (Hons.) ~~finally~~ At the end of the 3rd. year however, although I was promoted to the fourth year class, I left Calcutta, because I felt I would not do justice to the I.C.S. without taking direct steps towards it. So, I have been studying Persian Civilization & the language since ~~this~~ July and I feel confident that I stand

a fair chance to be selected for the I.C.S. in one of my two attempts; one in 1936 & the other in 1937.
Even In case I should be selected or at least, nominated (I, being a member of the Muslim Community) I should desire to continue my study for the Degree in Persian Honours with special permission from the High Commissioner for India.

Lastly I may mention that my family is not unknown in Bangalore. The Dewan of Mysore, Sir Mirza M. Ismail, Kt., is my Mother's first cousin and my late Grandfather, Mr. Aga Abdoola, ~~the Hon~~ was a Municipal Commissioner & an Honorary Magistrate.

Taking these facts into consideration, I beg you to recommend my case for the grant of the Central State Scholarship to enable me to achieve my long cherished Ambition!

Thanking you,
I beg to remain, Sir,
Your most obedient Servant,
Mirza Abbas Raza

Sir,

SN. 13 / CP. 45

With reference to your letter No. F. 1239-35/R.O.II dated 4-12-1935, I have the honour to submit the following remarks and recommendations regarding the applicants for a Central State Scholarship:-

SN. 6-12

2 I interviewed five candidates viz. Messrs. P.M.-Francis, Bernard Fonseca, Mohamed Rahmathulla, K.V. Srinath and Mirza Abbas Raza. The two brothers L.J. and E.M. Isaac are both at present studying at Glasgow University. They do not however fulfil the requirements of Rule 1 of section A of the General Rules as regards eligibility for the scholarship and need not be considered further.

SN. 6 / CP 7

3 Of the remaining applicants, Mr. P.M. Francis is by birth a Travancorean but has been domiciled in Bangalore since 1928 when he was appointed lecturer in History at St. Joseph's College, Bangalore. I am doubtful as to his eligibility for the scholarship, and he is, in any case, rather old (he is 33) to begin studies in England. His scholastic attainments are good but not distinguished.

SN 8 / CP 12

4 Mr. Mohamed Rahmathulla is spoken of in glowing terms by his teachers at Lucknow University where he is studying for the M.A. and L.L.B degrees simultaneously, but he took only a III-class in his B.A. degree at St. Joseph's College, Bangalore

Bangalore. He comes of an old Bangalore family and is well mannered, but his quality is not quite so high as that of some of the other applicants.

5 Mr. Mirza Abbas Raza has not yet taken his degree. He is specialising in the study of Persian Literature and History with a view to offering this as his special subject in the I.C.S. Examination. He is, in any case, proceeding to England for further study shortly.

6 Mr. Fonseca and Mr. Srinath are men of outstanding merit. The former, Mr. Fonseca, is an Indian Christian and was born in Malay, his father being in the Colonial service. His father retired in Bangalore in 1926 and Mr. Fonseca took his B.A. degree at St. Joseph's College. Mr. Fonseca senior was not, however, a servant of the Government of India and I am not sure whether his residence in Bangalore since 1926 renders his son eligible for the scholarship. Mr. Bernard Fonseca took a I class degree in Mathematics in 1928 and later, in 1930, took the degree of Bachelor of Law at Madras University. He made an experimental start as an advocate at Karachi but is, I gather, not attracted to the legal profession and is anxious to study Economics at Oxford.

7 Mr. K.V. Srinath was an applicant for a Central State scholarship in 1930 and again in 1932. He took a I class degree (B.Sc.,) in Botany in 1930 and secured I place in his subject. In 1933 he was awarded the degree of M.Sc., for a thesis which was, I gather, of a very high quality. Mr. Srinath is 25 years of age and his father has for 25 years been in the service of the Civil and Military Station and is about to retire. He appears to be a keen and able research scholar and he wants to continue his work in London under the direction of the leading men in his branch of Science. I strongly recommend this application.

8. I would place Mr. Fonseca, (assuming his eligibility) second in order of merit.

3. The applications (with enclosures) are returned herewith.

C.—RULES FOR THE GUIDANCE OF SCHOLARS.

(*i*) *In India.*

1. Selected scholars should communicate with the nearest Advisory Committee for Indian Students or University Students' Information Bureau in order that they may obtain advice regarding certificates, etc., and they should, when proceeding abroad, take with them the originals of their certificates, testimonials, and other important personal documents.

2. Scholars are required to proceed to England so as to arrive there not later than the middle of September and to reside there, or in any other country in which the scholarship is tenable, for the period of their scholarship unless compelled to return sooner in consequence of ill-health. The scholarship will be payable from the date on which the scholars report their arrival in England.

3. A scholar on his selection will be provided with a second class railway fare from his home to the port of embarkation, thence with ~~a second class B passage to London~~ (the appropriate grade of tourist accommodation to London by the P & O or any line other line (provided that the Cost to Govt. would be less than the Cost of a second class B passage to London)) and thence with a third class fare by boat or rail to the place of study. *As a general rule he is required to travel by the all-sea route from India to England unless he himself elects to pay the cost of the overland journey from Marseilles to London, in which case he may apply for payment of the overland allowance as fixed from time to time by the High Commissioner. The full cost of the overland journey (rail and baggage expenses) shall in no case be refunded to a scholar unless he has been provided by the Government concerned with a steamer ticket to Marseilles and has been expressly instructed to travel overland. All other expenses, whether incurred in India or abroad, will be borne by the scholar.

4. Arrangements should be made to let the High Commissioner for India receive in good time any special suggestions that may be made by college professors and other educational authorities regarding the course of training which a particular scholar might follow with advantage. This will obviate the difficulties which may arise from scholars forming plans with insufficient knowledge of the requirements demanded or facilities offered by institutions abroad.

(*ii*) *In England.**

1. Every scholar will be required to forward to the High Commissioner for India (Education Department), India House, Aldwych, London, W.C.-2, ordinarily at least one month before the date of departure from India, the sum of £40 for initial expenses on arrival in the United Kingdom. A scholar will have no claim to the payment of any instalment of his scholarship unless this deposit has been made. The deposit is held at the disposal of the scholar and may be reclaimed as soon as he reaches England to meet expenses of the purchase of clothes or other necessary equipment but a scholar is advised to leave at least £10 on deposit to be available for emergencies or other expenses not covered by the conditions of the scholarship.

2. Every scholar on reaching England must report himself to the Office of the High Commissioner for India (Education Department), India House, Aldwych, London, ~~[illegible] undertaking~~, referred to in Rule 5. He will be required to furnish ~~[illegible]~~ediately any changes thereafter.

Scholars are not permitted to communicate direct with their Provincial Government in India in any matter affecting their scholarship.

5. Every scholar will be expected to consult the High Commissioner (Education Department) or his Local Adviser regularly in regard to his course of study or training. He must submit, either direct or through his Local Adviser, within one month after the beginning of his University, College or other training, a statement for the approval of the High Commissioner showing the exact course which he is pursuing. The High Commissioner will prescribe the course of study or training considered necessary to fulfil the purpose for which the scholarship has been awarded, and every scholar must obey all instructions regarding his course of study or training which he may receive either direct from the High Commissioner (Education Department) or from his Local Adviser. The course of study which has received the sanction of the High Commissioner may not be changed without his approval, and no additional course or subject of study or training may be undertaken without his prior sanction. A scholar will not be permitted, without the previous sanction of the High Commissioner, to enter for any examination not forming a normal portion of his sanctioned course. He will be required to give a written undertaking that he will at once and without discussion of possible alternative devote himself exclusively to the course of study and training prescribed for him and that he will not delay or neglect his prescribed course in anticipation of orders regarding possible alternatives.

6. A scholar attending university or college courses who proposes to spend his vacations on the Continent must submit his plans for the approval of the High Commissioner not less than one month before the beginning of the vacation.

Scholarship allowance will not be paid beyond the date of the sailing from London of the steamer on which the passage has been booked, except as provided in Rule 18.

8. Subject to a due compliance with the Rules, each scholar will be paid his annual stipend quarterly in advance. A first instalment to cover a full quarter will be paid as soon as possible after the scholar has arrived and has signed the necessary declaration on the form attached to these Rules. Three months after the date of arrival the amount to the ensuing official Quarter Day* will be paid to the scholar either direct or through

the Local Adviser. Subsequent payments will be made in advance, on or after each official Quarter Day. It should, however, be understood that the High Commissioner (or the Local Adviser on his instructions) has full discretion to disburse the annual allowance of any scholar in such instalment as he may consider desirable.

9. Each scholar must submit, not less than 14 days before the date on which his scholarship instalment falls due, an application on a prescribed form endorsed with a certificate of satisfactory conduct and progress from the University, College or Works authority.

He will also be required to furnish annually on a prescribed form, copies of which will be supplied, a full statement of the course of study or training which he has pursued during each year ending 30th September. The instalment of scholarship allowance due on 1st October of each year will not as a general rule be issued until this annual report has been received. It should, however, be noted that the High Commissioner at his discretion may require a report on a scholar's work or conduct at any time.

10. Advances on the quarterly instalments of scholarship allowance will not as a general rule be granted, except in respect of (*a*) caution money payable to University or Colleges, and (*b*) purchase of expensive instruments essential for the scholar's sanctioned course of study or training. Any advances thus sanctioned will be recoverable from the quarterly instalments of scholarship spread over a total period not exceeding one year.

11. The special attention of every scholar is drawn to the fact that no claim for payment of any expenditure whatsoever can be admitted unless the scholar has obtained previous sanction from the High Commissioner.

12. Scholars at Oxford and Cambridge will be required to meet from their scholarship allowance all their expenses, including university or college fees, except journeys to and from their place of study on arrival from India and on departure to India. A Language scholar at Oxford or Cambridge (*i.e.*, a scholar pursuing research in Arabic, Persian, or Sanskrit) may, however, be granted travelling expenses from place of study, when going abroad, where such visits are certified as *essential* to his studies by the professor concerned and are sanctioned by the High Commissioner.

13. For scholars (other than those at Oxford or Cambridge), charges for university and college fees, including membership of the Student Union or equivalent society, premium for practical training facilities and the necessary travelling expenses of scholars by second class, or by third class if no second be available, shall, if sanctioned in advance, be defrayed by the High Commissioner.

14. A scholar who proposes to undertake journeys or tours for the purpose of his course of study or training must submit an application either direct or through his Local Adviser at least 14 days before the date of the proposed visit. The application must be supported by a certificate or recommendation from the professor or head of department under whom the scholar is working that the journey is necessary for the purpose of his work. [*If the proposed visit or tour and estimate of expenses is approved by the High Commissioner, third-class travelling expenses (second-class on the Continent) will be paid to the scholar on receipt of the claim on the appropriate form, supported by the necessary vouchers, together with halting allowance at the rate authorised, unless otherwise laid down when the journey is sanctioned.]

15. Charges for private tuition, unless specially sanctioned in advance, books, instruments, and medical attendance must be paid by the scholar himself.

16. Unless the conditions under which the scholarship was awarded preclude any extension, a scholar who wishes to apply for the extension of his scholarship must submit an application to the High Commissioner (Education Department), either direct or through the Local Adviser, not less than six months prior to the expiration of the term of tenure. This application should state definitely the purpose for which the extension is desired and should supported by the recommendations of the university or other authority under whom the scholar is pursuing his course of study or training.

17. A scholarship may be terminated at any time within the discretion of the High Commissioner—

(*a*) if the scholar's work and progress be considered unsatisfactory,

(*b*) if his conduct prove unsatisfactory, or

(*c*) if he fail in health,

*This sentence does not apply to scholars at Oxford and Cambridge.

in which cases, unless the High Commissioner sees reason to the contrary, the scholar will retain his right to a passage to India, provided he returns when instructed by the High Commissioner. Any scholar failing to return to India when instructed to do so by the High Commissioner will forfeit his right to a free passage.

A scholar who resigns his scholarship before the expiration of its tenure for reasons which, in the opinion of the High Commissioner, are not satisfactory, will be held to resign his claim to a return passage to India.

18.*A scholar will be entitled to ~~a second class B return passage~~ the appropriate grade of tourist accommodation by the P&O or any other line (provided that the cost to Govt. would be less than the cost of a Second class B passage). from the place of study to India and a second class single railway fare from the part of debarkation to the scholar's home or the nearest railway station. The arrangements for the voyage will be made by the Office of the High Commissioner and a scholar is not entitled to make his own passage arrangements or to claim an allowance in lieu of a provided passage. At least three months before the termination of his course of study or training the scholar must submit to the High Commissioner (Education Department), either direct or through the Local Adviser, an application for a return passage. The scholar will normally be required to embark from a port in the United Kingdom, but he may be allowed, at the discretion of the High Commissioner, to join the steamer at Marseilles and will then be paid the overland allowance as fixed from time to time by the High Commissioner. If a scholar is definitely instructed by the High Commissioner to join the steamer at Marseilles, he will be allowed second class travelling expenses from London to Marseilles and his scholarship allowance will be payable to the date of embarkation from Marseilles (unless it has already expired or been terminated). Travelling expenses in India will not be payable by the High Commissioner. An application for such expenses should be made to the Government of India, Department of Education, Health and Lands, through the local Administration concerned.

19. A scholar who desires to defer his return to India after the expiry or termination of his scholarship will unless the Government concerned desire his return, be allowed to do so provided that the High Commissioner approves the purpose of the deferment and is satisfied that the scholar is in a position to maintain himself during the whole period of the proposed deferment.

20. Each scholar will be given a grant of £5 to meet incidental expenses during the voyage to India. This allowance will not be payable to officers in Government employ who are temporailry holding a scholarship, but whose official pay commences on the termination of the scholarship, nor will it be applicable to the case of a scholar returning to India on appointment to a Government post which entitles him to an advance of pay.

21. A scholar who intends to marry during the tenure of his scholarship must so inform the High Commissioner, who, in consultation with the Local Government concerned, may terminate or suspend the scholarship if he thinks fit in the special circumstances of the case.

NOTE.—In all the above Rules the masculine (he, him) must be understood to include the feminine (she, her).
